

## UV LASER MARKING MACHINE

**Applicable Materials:** Wood, Glass, Acrylic, leather, cloth, bamboo and so on, auto accessories marking, tobacco products marking, beer bottle marking etc.

### Features

- Long Working Life (100000 Hours) with High speed with the Marking Speed.
- Small volume, lightweight
- Low power, consumption power is less than 800W
- Completely air cooling, low energy
- No influence of the severe environment and temperature change. If no power, battery and car cigarette lighter can be used for working.
- Greatly reduce the depreciation cost, satisfying customers' stable large-quality produce.
- It will mark a clean and colourful graph on the surface of your materials.

### TECHNICAL SPECIFICATIONS AND PARAMETERS

Laser Source	Max
Laser Type	CO2
Repetition Rate	1-20kHz
Marking Speed	$\leq 7\text{m/s}$ (275.6in/s)
Engraving Depth	$\leq 0.4\text{mm}$ (0.016in)
Minimum Character	0.2mm(0.008in) As Per Material
Computer	English System
Table	Dark Blue Body and White door
Power	800W
Power Supply	220V/50Hz/10A
