

Sleeve Tube Cutting Machine

1. High-speed feeding and high-speed cutting, saving labor cost and improving production.
2. The length and cutting speed is adjustable.
3. Automatic batch accumulation and total accumulation count.
4. Batch pause and delay time can be set.

TECHNICAL SPECIFICATIONS AND PARAMETERS	
Cutting accuracy	1mm
Cutting length	1-9999mm adjustable
Cutting speed	0-99 adjustable
Available cutting width	1-90mm
Power supply	AC220V 50/60HZ, 400W
Function	sleeve, cable, flat cable
Net Weight	27kg
Machine Size	410×350×320 mm
Packing Size	550*430*420mm
